Subject: Reclamation Plan Extension

Mr. Baker,

My name is Brent Cook. I have been hired by US Magnesium to review and complete the reclamation plan for their Stansbury Basin/Rowley project.

I met with Leslie Heppler last week to review some of the proposed changes to and format of the plan, and to get some clarification to some of her questions. As a result of that meeting, I am requesting an extension of the filing date from February 23 to April 27, 2015. This will give me time to make the final edits, gather the required documents and review the documents with US Magnesium before submitting them to UDOGM.

Please let me know if you approve this extension request.

Regards,

Brent Cook
Consulting Engineer
